

# SIMPLE IS SMART

**MAC 2000 ECG Analysis System**  
Streamlined for your healthcare facility

# Simple is smart

Complex healthcare environments demand simple solutions. Equipment that simply works, every time. Technology that delivers clear, accurate data in simple ways. Intuitive tools that are simple to use. And support you can count on without question. **Simple.**

The MAC™ 2000 from GE Healthcare helps the physician make a fast and accurate diagnosis with the power of the Marquette™ 12SL analysis program. It's the proven† diagnostic support you need, in an ECG system that's intuitive and easy to use.

Really, really smart.

†Marquette 12SL ECG Analysis Program Physician's Guide. 2036070-006 Revision A. 2010. GE Healthcare: Milwaukee, WI.

# Simple is productive

**Easy capture** of 10-second ECGs with one-touch operation

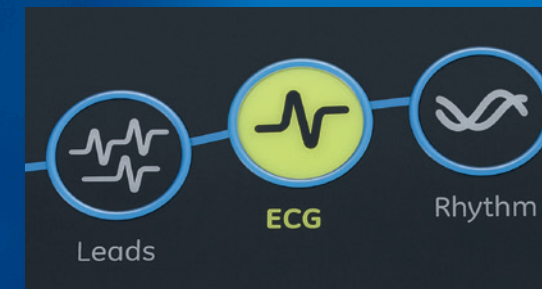

**On-screen preview** of 12-lead waveforms and ECG results helps streamline review and diagnosis

**Multiple connectivity** and export options for easy data access, transfer and storage

**Marquette 12SL ECG analysis program** with reason statement for clinical decision support

The MAC 2000 helps ECG Professionals be productive from the first ECG. Available tools such as HookUp Advisor™ assist in identification of a quality signal before acquisition, helping avoid costly repeat ECGs. It's all part of a smarter, simpler workflow that lets you do more in less time.

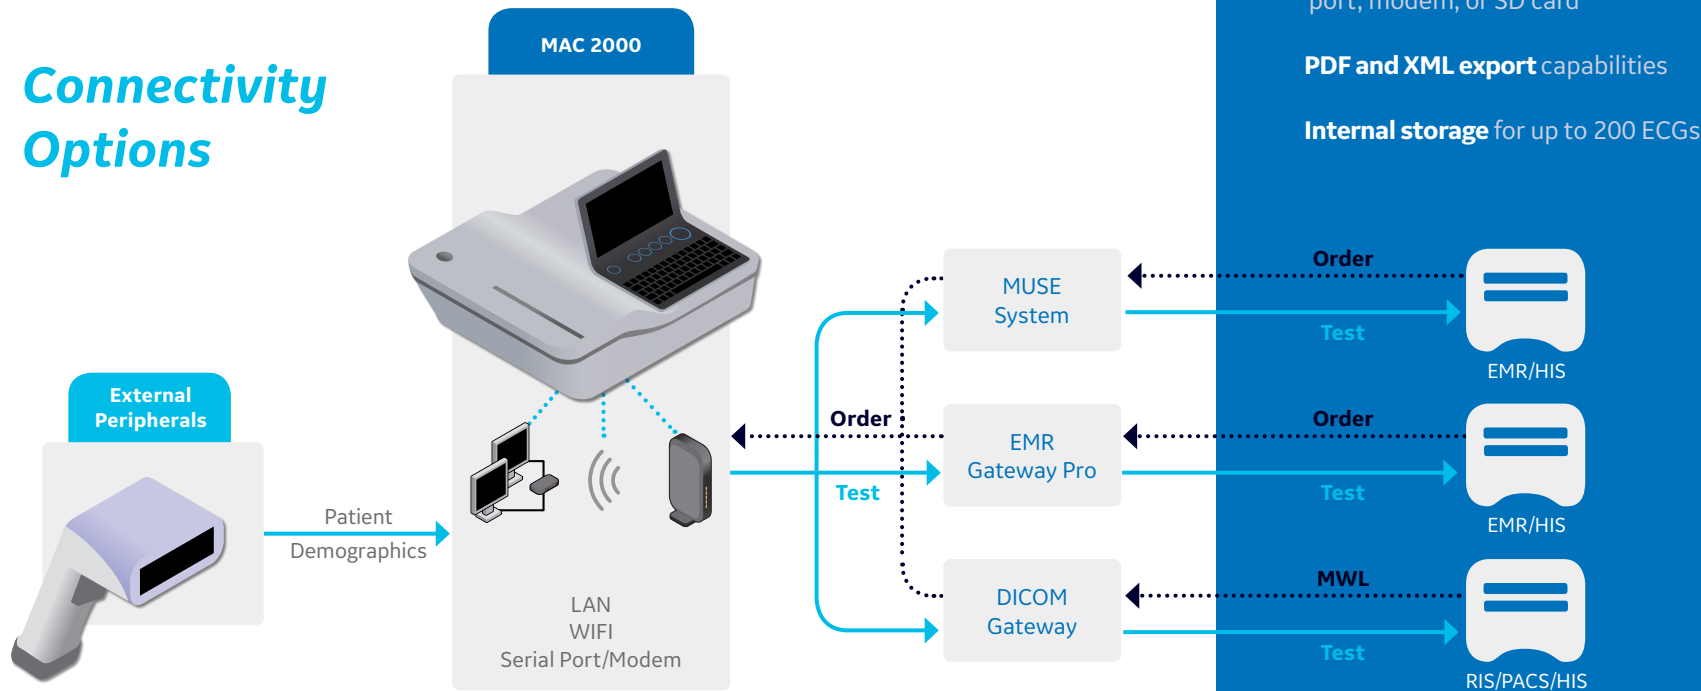

# Simple is connected

## Streamlined data connectivity

The MAC 2000 connects seamlessly with your existing environment, immediately making it easier to acquire, print, store, and transmit ECG data. It's your link to productivity, however you need to connect.

## Connectivity Options

**Supports paperless workflow** with options for bi-directional communication, including Orders and ADT query features

Seamless connectivity with your **Electronic Medical Record** via EMR Gateway Pro

Seamless connectivity to **RIS/PACS systems** using DICOM Gateway

Seamless connectivity with **the MUSE™ cardiology information system or the CardioSoft™ program** - or send reports to a shared directory on a PC

**Send report** to remote locations using FTPS

**Connectivity** with LAN, Wi-Fi, serial port, modem, or SD card

**PDF and XML export** capabilities

**Internal storage** for up to 200 ECGs

# Simple is reliable

- **Marquette 12SL ECG analysis program** with measurement and interpretation
- **Arrhythmia detection** helps maximize rhythm capabilities and minimize paper consumption
- **ACI-TIPI algorithm** for acute cardiac ischemia
- **Gender-specific interpretation** provides improved sensitivity to Acute Myocardial Infarction in women
- **RR analysis** for detection of patterns in heart rate variability\*
- **Full disclosure** to store up to 5 minutes of a single lead in PDF format\*

**The MAC 2000 delivers the diagnostic insights physicians need.** Empowered with the Marquette 12SL analysis program, the system provides a complete set of analysis tools you can trust, because they've been rigorously validated against clinically correlated databases with multiple patient populations. It's clinical decision support made simple.

\*RR analysis and full-disclosure are not available in all regions. Please contact your local GE Healthcare representative for more information.

# Simple is **supported**

**The MAC 2000 makes it simple the moment you open the box. Easy installation won't disrupt your hospital operations.**

The familiar, intuitive interface with full keyboard means physicians and ECG Professional won't need days of training — more like minutes.

And because we know training needs can change with your team, we offer convenient computer-based training tools for on-demand learning.

Expert GE Healthcare service and support are always just a click or call away — our extensive network of trained service professionals are ready so you don't have to wait for help. It's another way the MAC 2000 embraces simplicity to give you a hassle-free experience.

# Simple is **here**
