

Dining > Jar, Bottle & Can Openers

Homecraft Mighty Lever Jar and Bottle Opener. The flexible stainless steel band is fitted around a lid, and then clamped tight using the screw at the end of the handle, which can be used as a lever. Suitable for tops ¾" to 4½" in diameter. **081501329**

Yellow lid opener not included.

Spill-Not Jar & Bottle Opener. Ideal for one handed operation or for those with weak grasps. Plastic, nonskid base has three rubber-lined, cone shaped openings to hold jars or bottles from 1" to over 4" in diameter. Latex free. **3080**

Can be used for door knobs too!

Great Grips™ Twisters. Versatile thermoplastic knob covers combine non-skid grip with a built-in lever design to alleviate the need for strong grip or dexterity. 2¼" long with inside diameter of 1¾", grips when soaked in warm water, stretch up to 4 times their original size. Can be used on difficult to manipulate surfaces such as doorknobs, faucet handles, outside faucets, and gardening tools. Latex free **6399** Package of 2

Purrfect™ Opener. This cool "cat" is safe, quick and easy to use. The opener will grip medicine caps, open aligned-arrow caps, pull out the cotton from the bottle, pierce individually wrapped pills, push pills into convenient pockets, split pills effortlessly, lift lids out of newly opened cans and open envelopes. All this, plus a magnet for convenient storage. **555649**

Dining

Black SureCut Electric Can Opener. Extra-tall design lets this electric can opener open virtually any size can. And its patented SureCut technology gets it done on the first try. Includes removable washable cutting assembly, built-in cord storage to keep working space clean and safe, and hands-free auto shut-off. Built-in knife sharpener easily sharpens all your knives. **081621515**

Multi Opener. Features durable and comfortable grip. This tool opens six different types of seals and lids: bags, safety seals, pull tabs, bottle caps, bottle tops and jar lids. Made of polycarbonate, Santoprene and stainless steel. **561507**
