

# Critical Cover® PFL® Face Masks

## CRITICAL COVER® PFL® LASER FACE MASKS *PFL® TECHNOLOGY AND LASER PLUME PROTECTION*

### FEATURES & BENEFITS

The PFL Laser mask effectively filters plumes during laser surgery. The mask utilizes Positive Facial Lock® technology with an integrated Twist-Seal® chin piece in the facemask to give the user a custom fit each time. The PFL® design helps eliminate the potential of inhaling airborne contaminants while maintaining a comfortable seal to the user's face. The patented and integrated Magic Arch® technology prevents the mask from coming in contact with the user's nose and mouth thereby making it easier to breathe while enhancing filtration efficiency. This 8" durable, fluid resistant mask has a smooth, soft interior for ultimate comfort. Made in the USA. ASTM F2100 Compliant Level 3 mask.

210/case (6 boxes of 35)

## CRITICAL COVER® PFL® N-95 PARTICULATE RESPIRATOR *NIOSH APPROVED RESPIRATOR*

### FEATURES & BENEFITS

The Positive Facial Lock® (PFL®) N-95 Particulate Respirator meets the World Health Organization (WHO) and the Centers for Disease Control (CDC) recommended protection levels (where applicable) for many airborne contaminants. NIOSH Approved, the N-95 delivers the appropriate amount of filtration efficiency and when combined with a trio of patented and unique design features, also delivers the user a comfortable, custom fitting facemask. The integrated Magic Arch® technology creates a breathing chamber within the facemask by holding it away from the user's nose and mouth. The PFL technology, incorporating an integrated Twist Seal® chin piece, helps the wearer create a perfect fit every time. This 8" fluid resistant Particulate Respirator is Made in the USA.
