Renaissance Privacy Screen

Attractive impact-resistant folding wall designed to protect your patients' privacy. It is a versatile furniture piece that can be used as a screen or a partition to meet your facilities' exact needs.

Features:

- Versatile product: can be used as a screen or partition
- Constructed of high-quality scratch-resistant Plexiglas and anodised aluminum
- Panels that are opaque, while remaining translucent to create a warm and friendly environment
- Designed to save space while remaining easy to use - returned to use in moments
- Screen lengths and widths available to meet your exact needs
- Hinges maintain full 360° range of motion
- Durable construction, designed to be completely stable and impact resistant
- Easy to clean, disinfectant-resistant
