

BREATHABLE-FOAM TRACH TUBE HOLDERS

Dynarex Resp-O₂™ Breathable-Foam Trach Tube Holders are designed to stabilize and securely hold tracheostomy tubes in place to help ensure uninterrupted airflow to trach patients. The Trach Tube Holder is designed with soft, open-cell foam to aerate skin for optimal patient comfort.

- Helps to stabilize trach tube and reduce risk of dislodgement
- Breathable foam material helps keep skin dry and comfortable
- Features high-quality, USA-made materials
- Adjustable hook-and-loop straps provide secure fit
- Soft-edged outer ties help prevent irritation
- Not made with natural rubber latex or DEHP
